

Mis expectativas: How We Stay Happy Together in Class

- **Use proper English and Spanish** language in class, whichever language is assigned
- **Listen** (no talking while others are talking), **pay attention**, and **follow directions**
- **Answer questions quickly and the best you can**; even if you do not have an answer, take an educated guess
- **Ask in Spanish to leave the classroom**, sign-out, sign back in, and only one person out of the room in time. Only ask to leave the room after the 20-minute school rule, and during individual practice time (not during announcements, notes, presentations, etc.)
- **Leave the classroom clean and tidy**. (trash in proper place, supplies stored, desks ordered, etc.)
- **Ask questions** for clarification (politely, raising hand, etc.)
